1. **BACKGROUND**

Gauteng Partnership Fund (GPF) wishes to establish a panel of competent service provider(s) to provide honey suckers in all Gauteng based Informal Settlements that run on a pit toilet model. The honey suckers will be required on an Ad-hoc basis for a period of 36 months

Sanitation coverage in informal settlements of Gauteng is severely lagging as it is influenced by the migration patterns of the people in and around the provincial jurisdiction and migration from other provinces for economic reasons. Wastewater disposal in these settlements is an important key performance indicator of service delivery. Generally informal communities have pit latrines or septic tanks and they need 'honey suckers' to come and empty them regularly.

Due to the capacity constraints within the Upgrading of Informal Settlements Programme (**UISP**) this then gave rise to the need to then establish a panel of service providers to provide this service.

2. **SCOPE OF WORK**

The scope of work includes the rental of honey suckers to specific areas on an *ad-hoc* basis for a period of 36 months or until such time that the informal settlement/s are eradicated, or permanent sewer network is installed. However, it must be noted that these areas are influenced by the migration patterns of the people in and around these areas and may increase during this project implementation. It is also possible that the numbers may decrease due to housing development initiatives of the Municipality and the Gauteng Department of Human Settlements. As these changes are encountered, service provider/s will be instructed to adjust accordingly.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
