1. BACKGROUND

- 1.1. The Gauteng Partnership Fund (GPF) was founded in 2002 as a Benevolent Trust under the Trust Properties Control Act 57 (1988), by the Executive Authority of the GPF, Gauteng Department of Human Settlements. Gauteng Partnership Trust is trading as the Gauteng Partnership Fund (GPF):
- 1.2. 31 August 2005 GPF was listed as a Schedule 3C Provincial Public Entity (PPE), in terms of the Public Finance Management Act (Act 1 of 1999, as amended by Act 29 of 1999) (PFMA). The Gauteng Partnership Trust trading as Gauteng Partnership Fund (GPF) is a PFMA Schedule 3C provincial public entity under the Gauteng Department of Human Settlements (GDHS).
- 1.3. The mandate of the GPF is to serve as the Gauteng Department of Human Settlements (GDHS) capital raising and implementing agent of identified Mega Projects in the Gauteng Province. In 2002, the Gauteng Department of Housing (later configured as the Gauteng Department of Local Government and Housing, and since 2013 as the Gauteng Department of Human Settlements).
- 1.4. GPF reports to the Gauteng Department of Human Settlements (GDHS) as its Executive Authority, and from which it receives its annual budget allocation. It aims to support the National priorities and outcomes as detailed in the National Development Plan (NDP) and aligned Medium Term Strategic Framework (MTSF) and directs its efforts at contributing to the decisive spatial transformation and modernisation of human settlements pillars of the Gauteng Provincial Government's (GPG) Ten Pillars Programme of Transformation, Modernisation and Reindustrialisation (TMR).
- 1.5. The GDHS has appointed the GPF as the Implementation Agent responsible to facilitate a process to acquire serviced stands on behalf of the Department. These stands must be already serviced with all municipal

engineering services (water reticulation, sewer reticulation, roads, storm water and electrical reticulation) which can be easily allocated to qualifying beneficiaries who have demonstrated ability to build for themselves in line with the Department's qualifying criteria.

- 1.6. Partly serviced stands will also be considered. The partially serviced stands must be connected to adequate and available bulk services.

2. MAIN GOAL OF THE TERMS OF REFERENCES

The main goal of the establishment of a panel of contractors is to ensure that when the GPF needs the services of a contractor for both civil and building related projects, such panel does exist to enable the GPF to source contractors to meet the service delivery requirements without delays. The contracts that are entered into through this process shall not commit the GPF to any quantum of work or bind the GPF to make use of such a contract.

The GPF may approach the market for goods and / or services, or a combination thereof, in cases where the goods and / or services required are not readily available within the panel of contractors.

The contract entered into between the contractor and the GPF:

- shall cover only goods or services, or any combination thereof, falling within the scope of work associated with the agreement which may not be amended for the duration of the contract;
- may not be entered into after the expiry of the term of the panel ; and
- may be completed even if the completion of the contract is after the expiry of the term of the panel.

NB: The GPF would eventually have a separate list of contractors based on the proposals provided by bidders.

3. SCOPE OF WORK

The scope of work for these tender covers lite and heavy current electrical work for building and specialist works within the housing environment.

- If necessary, issue Addenda that may amend, amplify, or add to the *bid documents*, to each *bidder*. If a *bidder* applies for an extension to the *deadline for bid submission*, in order to take Addenda into account

in preparing a bid, the GPF may grant such an extension and GPF's *Representative* shall notify the extension to all *bidders*.

**Return
late bids**

- Return bids received after the *deadline for bid submission* unopened to the *bidder* submitting a late bid. Bids will be deemed late if they are not on the designated fax or in the designated bid box at the date and time stipulated as the deadline for bid submission.

Bid opening 4

Open the bids in the presence of the *bidders'* representatives who choose to attend at the time and place stated in the Bid Data. Bids for which an acceptable notice of withdrawal has been submitted will not be opened.

- 5 Announce at the opening the name of each *bidder* only. The unsuccessful bidder may request a debriefing meeting with the Supply Chain Manager on request.

**Two-
envelope
system**

- Where stated in the bid data that a two-envelope system is to be followed, open only the technical proposals in the presence of bidder's representatives and announce the name of each bid.
- Evaluate the quality of the technical proposals, then advise bidders who remain in contention for the award of the contract. Return unopened financial proposals to bidders whose technical proposals failed to achieve the minimum criteria.

**Non-
disclosure**

- Not disclose to *bidders*, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of bids and recommendations for the award of a contract, until after the award of the contract to the successful bidder.

Grounds for rejection □ Consider rejecting a bid if there is any effort by a *bidder* to influence the processing of bids or contract award.

Disqualification □ Instantly disqualify a *bidder* (and his bid) if it is established that the *bidder* offered an inducement to any person with a view to influencing the placing of a contract arising from this invitation to bid.

Test for responsiveness □ Determine before detailed evaluation, whether each bid properly received

- meets the requirements of these Conditions of Bid,
- has been properly signed, and
- is responsive to the requirements of the *bid documents*.

□ Judge a *responsive bid* as one which conforms to all the terms, conditions, and specifications of the *bid documents* without material deviation or qualification. A material deviation or qualification is one which, in the GPF's opinion would;

- detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Contract Data,
- change the GPF's or the *bidder's* risks and responsibilities under the contract, or
- affect the competitive position of other *bidders* presenting responsive bids, if it were to be rectified.

Non-responsive bids □ Reject a non-responsive bid, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

Arithmetic errors

□ Check responsive bids for arithmetical errors, correct them as follows:

- Where there is a discrepancy between

the amounts in figures and in words, the amount in words shall govern.

- If a bill of quantities applies and there is a discrepancy between

the rate and the line-item total, resulting from multiplying the rate by the quantity, the rate as quoted shall govern. Where there is an obviously gross misplacement of the decimal point in the rate, the line-item total as quoted shall govern, and the rate will be corrected.

- Where there is an error in the total of the Prices, either as a result of other corrections required by this checking process or in the *bidder's* addition of prices, the total of the Prices, if any, will be corrected.
- The corrected price will be communicated to the bidder. The bidder may withdraw the bid but may not change the bid price.

- Reject a bid if the *bidder* does not accept the corrected total of the Prices (if any).

Evaluating the bid

- Evaluate responsive bids in accordance with the *procedure and criteria* stated in the Bid Data. The evaluated bid price will be disclosed only to the relevant GPF bid committee and will not be disclosed to *bidders* or any other person.

Clarification of a bid

- Obtain from a *bidder* clarification of any matter in the bid which may not be clear or could give rise to ambiguity in a contract arising from this bid if the matter were not to be clarified.

Acceptance of bid

- Notify GPF's acceptance to the successful *bidder* before the expiry of the *validity period* or agreed additional period. Providing the notice of acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the GPF and the successful *bidder*.

Notice to unsuccessful bidders

□ After the successful *bidder* has acknowledged the GPF's notice of acceptance, notify other *bidders* that their bids have not been accepted, following the GPF's current procedures.
